Training Details

Each presentation will be about an hour. There will be breaks in between speakers. Course registration fee is \$100. Register online at www.isee.org.

EXAM: An exam of 20 questions covering the 4 presentations will be given for those needing continuing education training hours for blasting license or permit renewal. A score of 75% must be obtained in order to receive a training certificate. A written test will be mailed to and then returned to ISEE for those who do not score the 75%. States accepting training for continuing education hours include....
